

# STATUS of GMP PROCESS DEVELOPMENT for TCR EXPRESSION in LYMPHOCYTES

Virna Marin, Giulia Longinotti  
Helmholtz Zentrum München  
IMI

# Goals of the project

---

Establishment of a multidisciplinary platform  
to conduct studies with TCR/CAR-based cellular therapies

Identification and setting up of GMP-compliant protocols  
to produce and expand high quality T cells

Clinical proof of TCR/CAR-based cellular  
therapies within phase I/II studies
